BPD Conference

To launch the Partners in Recovery (Bentley-Armadale)'s Project Phoenix, Richmond Wellbeing invites you to the first Borderline Personality Disorder (BPD) Conference, with speakers including Indigo Daya, and consumer representatives.

The aim of the conference is to identify stigmas, and the challenges, of living with BPD. This conference will open up much needed dialogue between consumer, family, and service groups in an equal and productive way; coming together as people to be heard and validated as individuals, and not a diagnosis.
